

## GREETING FROM THE SPARTANBURG CRICKETS

This is a request for your company or organization to become part of the Spartanburg Crickets organization. The Spartanburg Crickets is an organization of college baseball athletes that spend 9 weeks playing baseball here in Spartanburg. Half of the team consists of local players. The other half comes from all over the United States. These young men are trying to improve their skills and hopefully some day play professional baseball. We travel from Clemson, SC, Johnson City, TN, to Monroe, NC. We ride in Atchinson busses and we feed them at restaurants such as, Denny's, Shoney's ECT.

This all cost a lot of money. One time last year we bought them Hamburgers, French fries and a Milk Shake for each player. It was over \$200.00. With coaches and players, we travel with approximately 30 people.

The Li'l Cricket people here in Spartanburg are our main source of revenue. But we still need support from the community. I have put together a sponsorship program that I hope you can fit into your budget. I hope after you review these programs that you will be able to participate and support the program.

The money that we receive will help pay for umpires, ticket takers, announcers, USC-UPSTATE fees, baseball equipment, uniforms, food, travel expenses, advertising and our radio broadcast. Your company will be recognized in the programs that will be handed out at all the ball games, our ads on our radio broadcast, banners on the fence, just tell us which program you would prefer.

This is not a one sided deal. The Spartanburg Crickets College Baseball Team will generate money for the Spartanburg community. These families that come into town to watch their kids play the games, both the teams and the supporters will spend money in our hotels, restaurants and malls. This can do nothing but help our community.

So please consider helping our program have a successful year.

### THANK YOU
